rethink maths

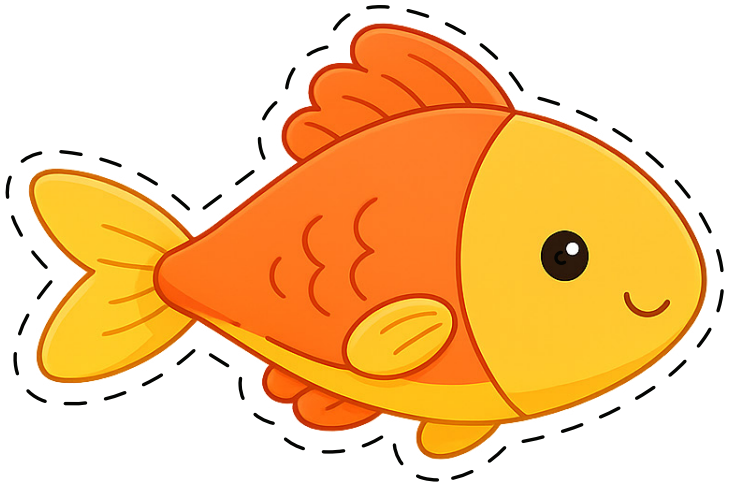

You will need:

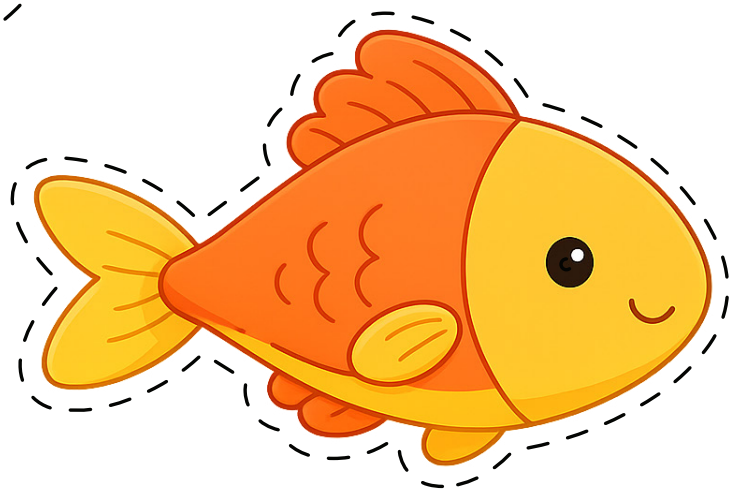

- Five paper fish per player
- A piece of card or paper plate to use as a fan
- A start and finish line.

How to play

1. Place five fish on the floor.
2. Give each child a card fan.
3. Children flap their fans to create air that moves the fish.
4. The challenge is to get all five fish across the finish line, without touching them.
